

LOCAL AND STATE TAX INFO.

Local Taxes – Call Park County Tax Office for specifics 222-4121.

There is no “per capita”...per person flat tax in Park County or Montana

Property Owners received an annual Park County property tax bill. It gets paid in 2 parts:
end of May and end of November.

Based on the property assessment, the property is issued a taxable value. Taxable Value is multiplied by School Levy Mill Charges; these are determined by each school district.

Example:

Clyde Park in town... mills are 513.97

Clyde Park out of town area... mills are 463.43

Of course, mills change from year to year.

The following charges also appear on the Park County tax bill:

- Garbagefee \$140.00 (currently, but will be going up)
- Fire district \$0.00 and up (based on district)
- TV fee \$25.00 (this pays for the booster towers in the area)

If you are interested in a property, stop by the City/County Building in Livingston and visit the Dept. of Revenue office where the ownership and tax records are. This gives you a better idea of what's been paid in the past. Or phone them at (406) 222-4133.

State Taxes

There is no state sales tax here on anything you purchase, except gasoline and a 7% bed tax when you stay at a motel/hotel/RV park.

Go to www.discoveringmontana.com/revenue for State Income Tax information. There you will find a complete 2004 state income tax form. If you fill one out and look at the income chart, this should give you a rough estimate of what the Montana State Taxes are like.
